

## **MSP / MSSP - Datacenter**

### **MANAGED SERVICES- DATACENTER FOCUSED**

We have been providing datacenter support to major government agency since 1999. We have the experience and the expertise to provide traditional on-site support, cloud migration and cloud support for your infrastructure. As your business change, we transition with you supporting your expanding IT needs. We maintain the latest certifications and credentials to really understand the nuances of how all the pieces, business and technology needs, work together for optimal performance and availability.

We have certified partnership at high levels with Best-of-breed technology manufacturers to confidently and reliably support your environment.

### **MANAGED SERVICES - CUSTOMER FOCUS**

We emphasize customer service and personal attention. We sit down with you to fully understand your business goals and how you see IT supporting or driving those objectives. We value working hand in to become the business partner who adds value to your organization and helps you move your business forward.

Our experienced team of onsite, highly-skilled engineers and technicians tailor a solution to fit your business needs. Our 24x7x365 Managed Services include security appliances, server maintenance, resource monitoring, networking configuration, security updates, and operating system management.

KEEP THE FOCUS ON YOUR BUSINESS
