

DESKTOP SOLUTIONS

TRADITIONAL DESKTOP SOLUTIONS

LATG provides traditional desktop solutions as a certified partner with Dell, HP and Lenovo. We create Desktop / Laptop / Tablet standards throughout the enterprise and offer warehousing and imaging services including professional white gloves scheduling, delivery, and installation according to your standards. **Our Managed IT Services** offer 24/7/365 support including Tier 1 and Tier 2. We help you Control IT cost by providing proactive Help Desk support remotely and on-site and real-time monitoring, taking immediate measures when necessary. We deploy appropriate patches quickly and efficiently and allow your IT team to focus on strategic projects.

VIRTUAL DESKTOP SOLUTIONS

LATG provides Virtual desktop solutions (DaaS) using Amazon, Microsoft, VMware, and Nutanix. We build a remote desktop infrastructure that is easy to access from any of your devices, secure and easy to manage, and reduce costs and complexity by eliminating the need to build out the on-premises infrastructure for legacy VDI deployments.

We build a framework that monitors all devices, allowing organizations to ensure that internal resources remain secured, intellectual property remains protected, and network and security operations are simplified overall.
